CHOOSE YOUR ADVENTURE

ISLAND OF SEALS | RIEDLE BAY

Set sail on our acclaimed day tours to explore the rich and enthralling history, wilderness and wildlife of Maria Island and the Ile Des Phoques.

Our cruise boat SPIRIT OF MARIA departs from the Triabunna marina and makes the short journey to Darlington, Maria Island's World Heritage listed convict settlement. Once at Maria Island, we plan our cruise with you as we enjoy a quick morning tea, coffee, cake, biscuits and a platter of Tasmanian cheeses. Having two remarkable cruise destinations to choose from gives you the choice of two completely different and amazing adventures. Choose the wildlife interactions and giant sea caves of the Ile Des Phoques or cruise the stunning and remote coastline of Maria Island to the secluded Riedle Bay!

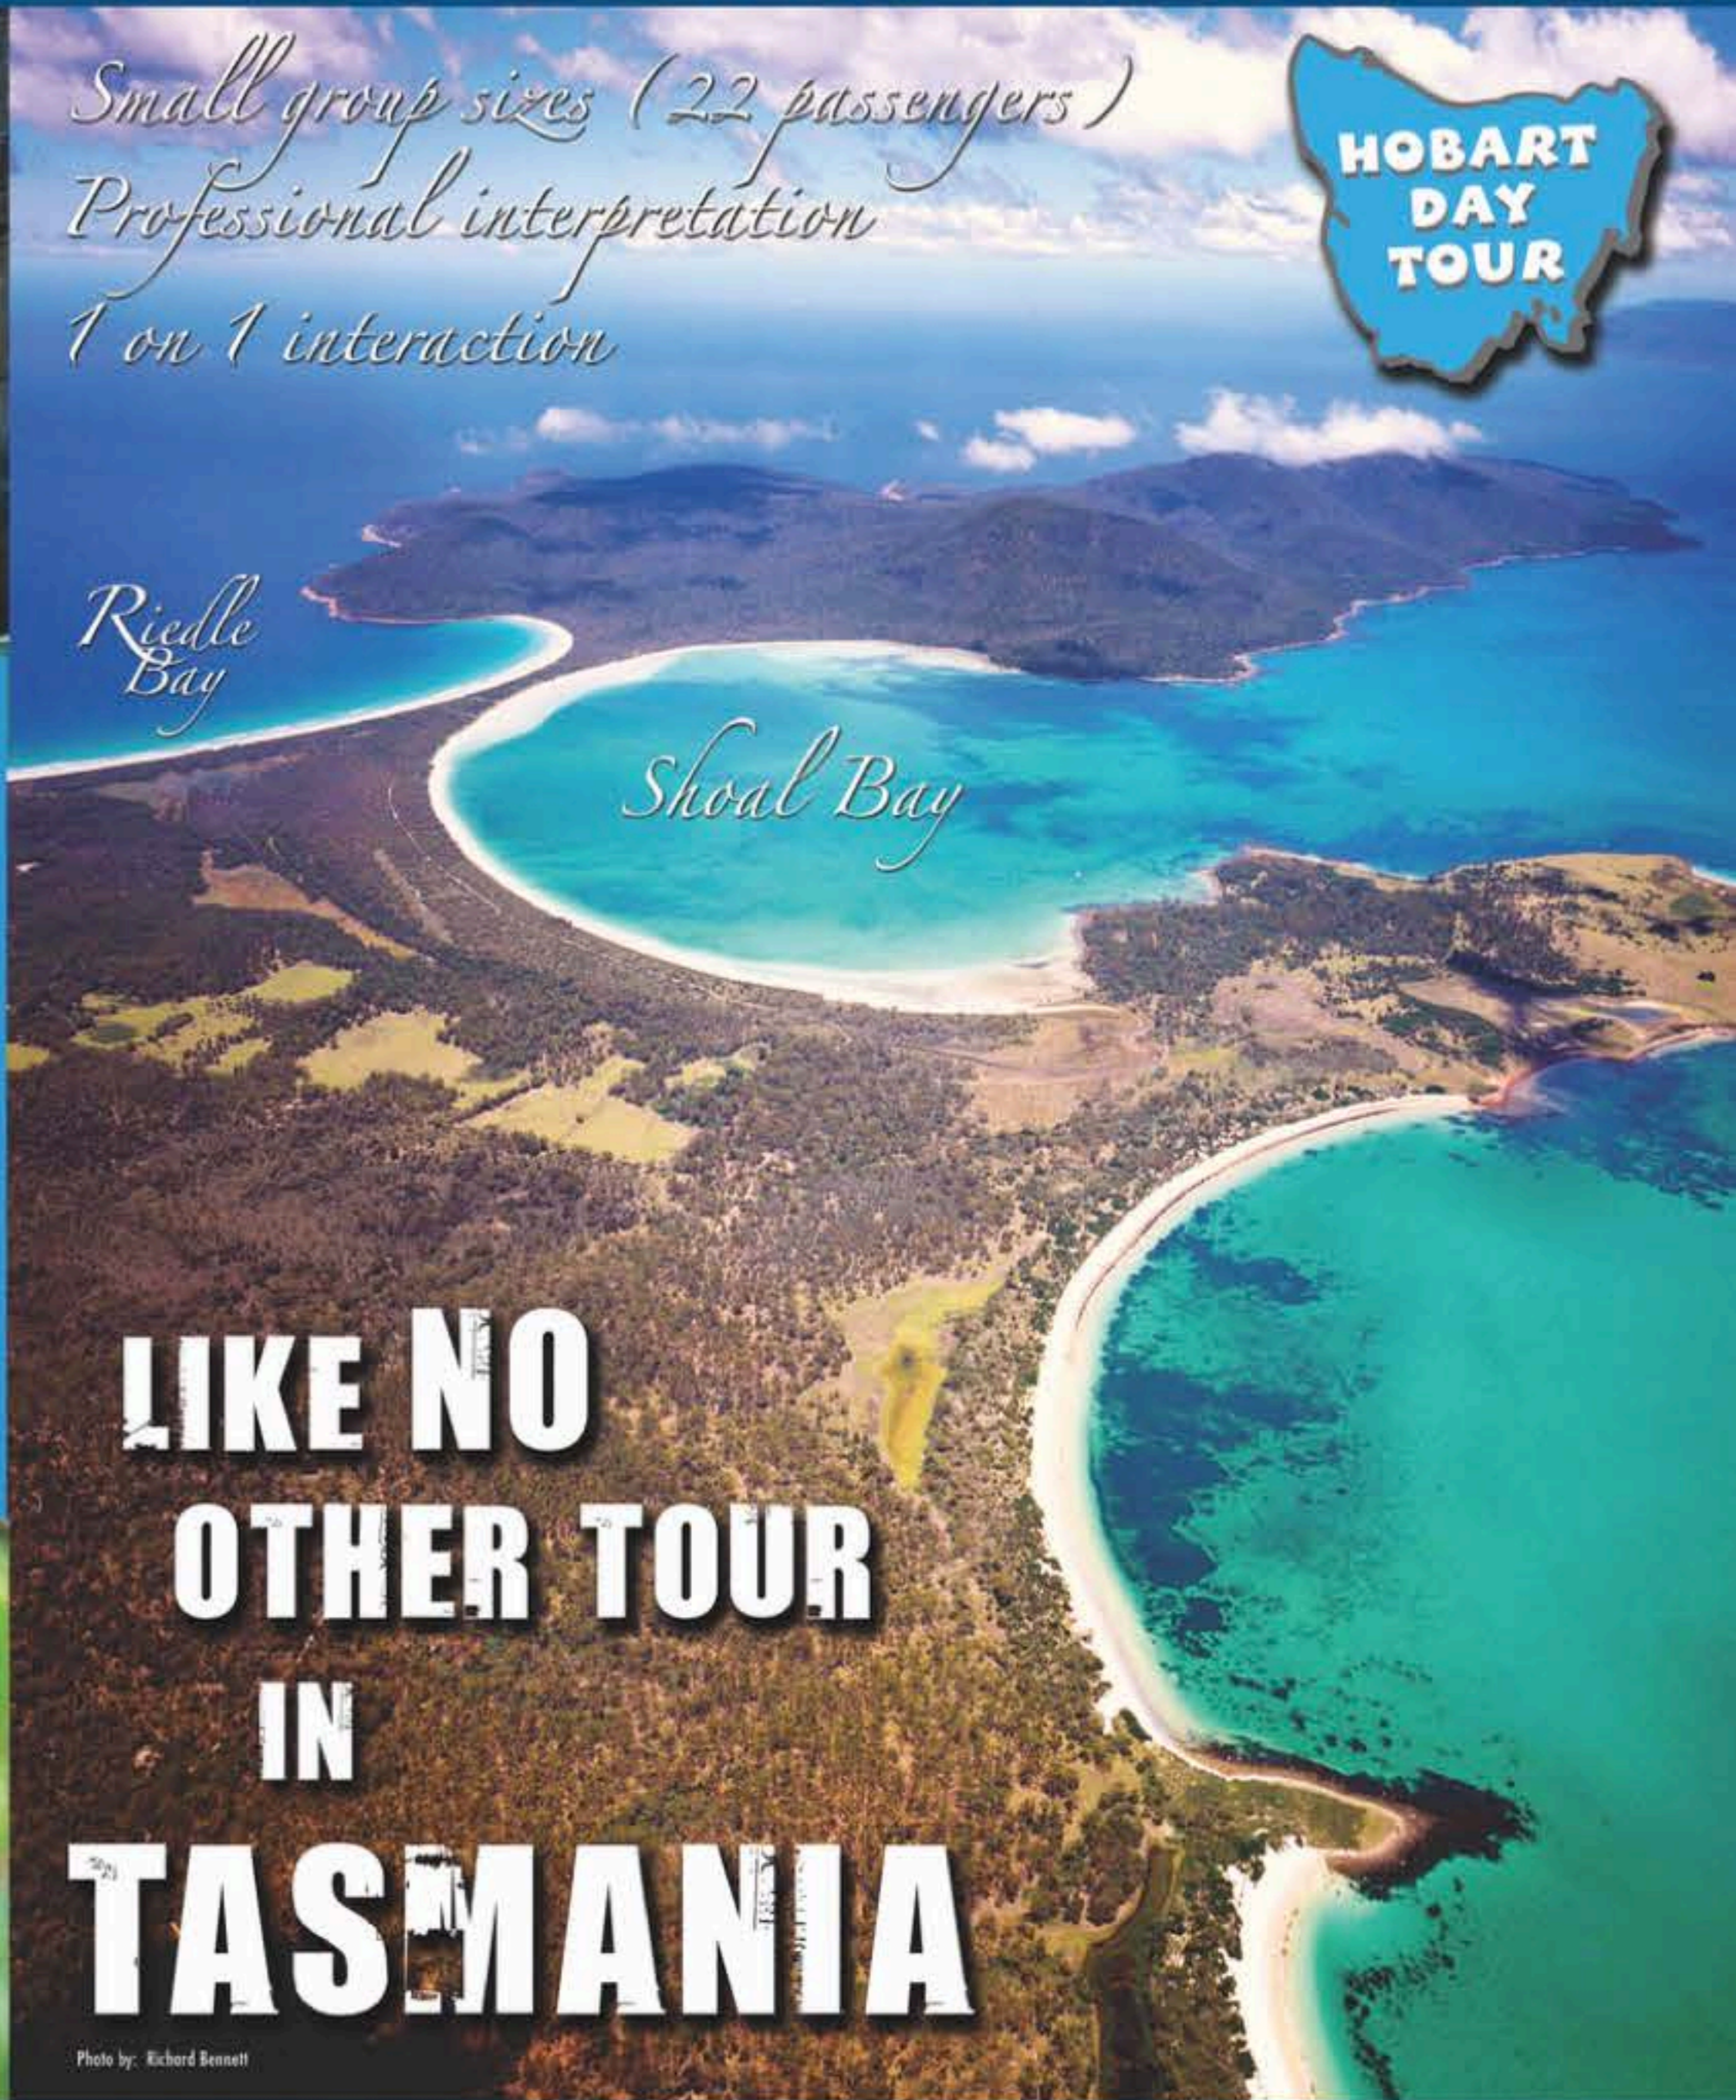

Each 4 hour cruise visits the iconic Painted Cliffs and Fossil Cliffs for exceptional photo opportunities and professional interpretation of Maria Island's famous geology. Your BIG buffet lunch provided onboard each cruise includes Tasmanian smoked salmon, ham, chicken, freshly prepared salad, Tasmanian soft and hard cheeses, dips, crackers, wraps and rolls. We will also provide a complimentary drink of Tasmanian sparkling wine or beer, as well as tea, coffee, juice and water!

In the afternoon, both tours will dock at Darlington. The perfect way to compliment your cruise is to stretch your legs and enjoy a guided tour through Darlington's fascinating collection of preserved convict buildings, learn about the town's remarkable history and come face to face with Maria Island's resident wombats. If history is not for you, then simply soak up the sun on Darlington's white sandy beach or swim/snorkel in the waters of Maria Island's marine reserve.

The Ile Des Phoques (French for Island of Seals) has been our favourite place to cruise, swim, dive and explore ever since we began in 2007. This little granite island is a haven for marine life. On the way to the Ile Des Phoques you can see albatross, sea eagles, gannets, dolphins, Australian fur seals and whales (depending on the time of year) as well as majestic panoramic views of Maria Island and the Freycinet Peninsula. Upon arrival at the Ile Des Phoques, we stop the boat and you sit with the seals for 1 HOUR whilst you enjoy lunch. Before lunch, you may even like to take the rare opportunity to SWIM or SNORKEL with the seals around the boat. That's right! We provide masks and snorkels for hire to those who would like to come face to face with one of the world's most majestic marine mammals. If that wasn't enough, the cruise then takes you exploring Ile Des Phoques' hidden secrets - the largest granite sea caves in Tasmania (possibly the Southern Hemisphere) to claim that "once in a lifetime" photo.

Including seals and giant sea caves, Maria Island has many more secrets to uncover. On the eastern side of Maria's narrow sandy isthmus is a beach to rival the World famous Wineglass Bay, although visited only by a handful of people each year. Riedle Bay is a hidden paradise of pure white sand and brilliant sapphire blue water. After exploring the famous Painted Cliffs, Fossil Cliffs and limestone sea caves of Fossil Bay, your cruise continues south down the east coast of Maria Island to explore this remarkable hidden coastline (accessible only by boat). Visit mountain fed WATERFALLS, sea caves, blow holes, towering mountain ranges and the most fascinating and rare geology that brings people from all over the World to see. The same BIG buffet lunch is provided on anchor amongst the peaceful surrounds of Riedle Bay. What better place to relax and enjoy Tasmania's finest locations.

Each tour departs the Triabunna Marina at 9:30am and returns at 5:00pm. As we operate one tour per day, the first person to book will have the opportunity to choose the cruise destination for that day.
